## DESCRIERE

RespiPro Carbon FFP2 nanofiber respirator protects you from viruses, bacteria, smog, and pollen, and it also eliminates unpleasant odors. This is all thanks to its nanofiber membrane and an activated carbon layer. The respirator has a unique ergonomic shape which is why it fits every face perfectly. The ideal choice for professionals whose jobs require safety, such as medical staff, rescue men, firefighters the army and the police. Available in two sizes (M, L) and two packagings (3 pcs, 25 pcs). For better fitting use plastic hook behind your head connecting the ear loops which is included in the packaging.
